OATES SHOPPE MILLINERY OPENING SATURDAY, MARCH 15.

THE CHARLEROI MAIL

VOL. XIX—No. 238 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, FRIDAY, MARCH 14, 1919 TWO CENTS

RURAL MOTOR PARCEL POST ROUTES MAY BE ESTABLISHED

City Wants To Get Benefit Of Low Cost Transportation

COUNTRY PRODUCE TO FEATURE

Motor truck service between the city and outlying districts is likely to be largely increased during the coming summer, with a view of providing low cost transportation for taking farm products to the city.

Motor service is now a regular feature between outlying towns and Pittsburgh, these trucks making a round trip each day and executing small orders for customers, the trucks permitting the messengers to bring back with them many articles that would otherwise have to be shipped by freight or express. The truck feature is an outgrowth of the messenger service which has been a feature for years, but whic now seems to be expanding to greater possibilities.

In order to secure some of the benefits from this feature the postal affairs committee of the Pittsburgh Chamber of Commerce discussed today suggestions made as to parcel post motor routes radiating in all directions from Pittsburgh, with a view of providing low cost transportation for bringing produce to the city. The proposed routes will at the same time give increaser postal out Western Pennsylvania. Many isolated localities situated far from railroads or trolley lines under this new scheme would have up-to-date postal facilities..

The building of new highways in which the State, counties and townships will engage during the coming year will also add to the racilities of these motor truck express routes, and make it possible for the big city and smaller towns and rural communities to keep in closer touch with each other at all times.

MILLINERY DISPLAY

Miss Mary E. Mullen has returned from the east where she spent weeks visiting millinery palaces for the purpose of purchasing her spring stock. She returned greatly pleased with her effort and she announces to the millinery trade of this community that never before was this store more able to furnish such a lavish line of the latest there is in the millinery line, both in style and artistic skill. Those in the market for new and stylish mlllinery are invited to call at her parlors, Second Floor of the Monessen Savings and Trust Building, Monessen. 238-t1*

It will pay you to lay in your summer supply of white goods at the prices we are selling them. Berryman's White Sale starts Saturday, March 15th. 238-t1

Oates Shoppe will show the newest in both extreme and conservative styles for Spring at their opening Saturday, March 15. 236-t3

BIG HOUSEWARMING AT OVERBROOK FARM

Thursday evening about fifty friends of Mr. Theo. Allen and his daughter, Miss Eva, took the seven o'clock car for the new country home of the Allens in Fallowfield township Arriving there about eight o'clock the young folks proceded to make merry by playing games on the large front porch, which was well lighted and decorated with the national colors, while the older folks gathered about a wood fire in the living room. Good music, with speeches and an elegant lunch were the main features of the evening.

WHITE PATROL FOR POLICE DEPARTMENT

The local police department has purchased a White police patrol, which will be delivered in about six weeks. The new car was purchased through the agency of VanVoorhis & Kinder, and will be of the most modern construction and equipment. The old patrol, which has been in service for many years, has served its day and served it well, and for some time the need of a new patrol has been apparent. Negotiations for the new patrol were made through Chief Albright and other members of the police force, and when it is received it will place their equipment in splendid shape. The police were instrumental in securing the new ambulance, which has been rendering such efficient service, and the addition of the new patrol will give them an equipment which will not be equaled by any police department in the valley.

RED HAIR SAVED HIM FROM JAIL

Alleged to have been wanted in this county as an escaped prisoner, the man held at Washington as Wm. Blackburn, having been arrested in Fayette county and brought back to the Washington jail has been released.

C. E. Carothers, who was sheriff at the time that William Blackburn made his escape from the county jail, failed to dentify the man who was being held as William Blackburn. He stated that the Blackburn who escaped had dark hair, wile the man that has been under arrest has red hair. The man wanted, with a Thos. Donahue, some 16 years ago, while some new tiers of cells were being installed at the jail, made their escape. They were being held for highway robbery. The man who was being held was arrested at Connellsville as William Blackburn and taken to Washington for identification.

HEAVY VERDICT AGAINST RAILROAD CO.

In court at Washington on Wednesday, John G. Lowers, of Elco, was awarded $3,800 in his suit against the Pennsylvania Railroad company, on a claim for compensation for land taken for right-of-way purpses in the borough of Elco. The amount given by the jury is considerably above the award of the viewers. The verdict carries with it interest from May 1, 1916, making the total judgment obtained $4,446.63. The viewers awarded Mr. Lowers $2,750. This was on October 21, 1913. The property taken was about .283 acres but on that was a frame house constructed for two families, in a part of which Mr. Lowers resided.

Mr. Lowers claimed $8,000 damages, and as it is understood that the railroad company had made an offer of settlement to him of $4,200. Lowers, it is stated, agreed to take the sum, but the railroad company refused to carry out the offer and made a new offer of $3,800. This Mr. Lowers refused and instituted the suit.

RAISE OVER $4,000 FOR SOLDIER MEMORIAL

Monongahela City raised over $4,000 in cash which will be used to erect a suitable memorial for the soldiers of that community who served in the United States Army during the recent war. It is likely this amount will be somewhat increased when complete returns are all in, as no subscriptions were counted without the cash. It is proposed to erect the memorial with granite and bronze after original designs, which have not yet been officially adopted. The location of the memorial is yet to be selected, and it is the idea to have the whole project completed by the time Company A, 110th Infantry, arrives home from overseas. It may be the dedication of the memorial will be deferred until that time.

LOCAL BOYS ARRIVE IN NEW YORK FROM FRANCE

On the transport Calamares, which arrived in New York on Wednesday were the Twenty-sixth Engineers headquarters detachment; headquarters first battalion; second battalion medical detachment, and Cos. A to F inclusive, consisting of 16 officers and 344 men. In this contingent were a number of Charleroi boys, including Melford McCann, Myron Jobes, Fred Collins and George Hersche.

Attend Oates Shoppe Millinery Opening, Saturday, March 15. 236-t3

MAIL TAX RETURNS TO COLLECTOR'S OFFICE

C. G. Lewellyn, Collector of Internal Revenue, for the Twenty-third District of Pennsylvania, stated today:

"There is great congestion in the office at Pittsburg due to the vast number of taxpayers endeavoring to receive personal attention and assistance in the preparation of their income tax returns, and in endeavoring to have returns sworn to and filed by the taxpayer, personally, in this office.

"The congestion at the present time is so great that it is impossible to give the taxpayers the assistance and attention demanded. The taxpayers are, therefore, asked to refrain from calling at the Revenue Office at Pittsburgh, and endeavor to prepare their own returns, whether tentative or complete, in the best manner they know how, and deposit same in the post office of their town, together with remittance for the first quarterly payment of tax, addressed to C. G. Lewellyn, Collector of Internal Revenue, Pittsburgh, Pa. All income tax returns, whether tentative or regular, with remittance attached, deposited in any post office on March 15th, will protect the taxpayer from penalties and insure proper consideration of his return when received at this office.

"An attempt to personally file a return in the Collector's office this week might prevent the taxpayer from doing so, on account of the increased congestion of the Pittsburgh office. Taxpayers are requested to send returns, with payment, by mail."

PUSHING WORK ON BIG MARINE WAYS

The work of building the big marine ways plant for the Carnegie steel Company at Coal Valley, is being pushed as rapidly as a big force of men working day and night can push the undertaking Every effort is being put forth to complete the under-water work within the coffer dam before there comes a big rise in the river, which would flood the workings. The rapidly increasing fleet of the Carnegie Steel company, both in barges and steamboats, make the addition of the marine ways an absolute necessity, in order to keep all craft in repair.

COAL MARKET AGAIN SHOWS SIGNS OF INCREASING ACTIVITY

BIG PRODUCTION OF PITTSBURGH COAL CO.

According to the annual report of the Pittsburgh Coal company, 17,973,283 tons of coal were mined by the corporation last year, of which amount 15,037,388 were taken in the owns in the Pittsburgh dstrict 154,217 acres; leased 182 acres; and mined 1,946 acres during the year. The company's largest workings are in the Pittsburgh district, although it has holdings in Illinois, Ohio and Kentucky.

FAILED TO APPEAR AND LOSES VERDICT

In order that the case could be formally disposed of, the suit of Alice E. Heisy against the Pittsburgh Railways company was called for trial in the Washington county courts on Wednesday morning. The plaintiff did not appear and it was stated that she would not be in court. Judgment was then given in favor of the defendant company.

This case grow out of the wreck near Mingo on the Charleroi line of the Pittsburgh Railways company on July 2, 1917, when two passenger cars crashed together in a head-on collision. One man, an employe of the company, was killed and about twenty passengers severely inujred. The plaintiff was on one of the cars and claimed that she was severely injured about the neck, spine, head, left shoulder and back, and that she suffered internal injuries, all of which are permanent. The company was charged with negligence. She brought suit to recover $10,000 damages.

FIRST GAME FOR THE CHAMPIONSHIP CUP

The first game in the play-off for the championship cup in the W. P. I. A. L. is scheduled for this afternoon, at the Trees gymnasium, University of Pittsburgh, between the Westinghouse High of Brushton, and the Monessen High. Both teams are primed for the contest, and an exciting struggle is looked for. The team losing this afternoon will be eliminated from the finals.

Will Depend Largely On Stabilization of Steel Prices

INQUIRIES ARE BEING RECEIVED

According to reports from Fayette county the coal market is showing some signs of life after a virtual stagnation which has been present since mid-January, and places a rather hopeful aspect on that phase of the coal and coke industry. Inquiries have been initiated by large tonnage consumers during the past ten days, and while it cannot be said the coal market is brisk, the semblance of life it is now showing gives operators some encouragement for their determined optimistic view which has been adhered to when the market seemed determined to remain dormant. The return of some demand for coal is indicative that surplus stacked by consumers is being exhausted and that they must now replenish their stocks.

The coke situation in the Connellsville region is somewhat darmant, the operators waiting until the steel prices have been stabilized, which will have a tendency to give a firmer tone to the market. Durng the past week the H. C. Frick Coke Co. was forced to add 1,000 ovens to the inactive list, distributng this number among its several plants throughout the region.

With lower prices of steel, which the government is now trying to bring about, and a more stabilized market, it is expected that bot and coke shipments will show greater volume. This will be particularly true with reference to shpments on the Monongahela, which for some time have been somewhat below normal.

Honor The Dead

One of the most beautiful customs of man—a practice as old as civilization—is the erection of memorials to the departed. The human mind has ever been stirred to its depths and moved to great achievements in its efforts to preserve the memory of the dead. Our modern and improved equipment assures perfection of workmanship and service, plus economy, making three very good reasons why you should turn to us for your materials.

EDUCATING THE SOLDIER

Figures indicating progress in re-educating and placing disabled soldiers, sailors and marines show that the work is going forward at a satisfying pace. The statement of February 15th reveals the total number of cases the federal board for vocational education was in contact with was 22,851. Of these 5,552 were reported from the war risk insurance bureau, 9,020 from hospitals, 4,494 from the Red Cross, 73 from the UnitedStates department of labor, 11,652 from the men direct, and from other sources, 1,060.

Not every wounded man is entitled to retraining. First, under the law, he must have been awarded compensation by the war risk insurance bureau, and thus for 3,655 have been awarded compensation, 79 having been denied it, and 19,117 cases are in process of determination.

It is necessary to have the war risk insurance bureau pass upon a case as the essential preliminary, and the agents of the federal board assist all disabled men to make their applications to the war risk insurance bureau. In the last thrty days 2,655 men have been assisted in filing their applications. Nine thousand, four hundred andtwenty-five (9,425) men have been interviewed by the various agents of the federal board and 9,162 were awaiting interivew.

There were 6,286 prospectives for retraining. During the last month 490 cases have been awarded training and entered upon the various lines of study fitting them for useful work in the skilled trades, occupations, professions, and other callings, the total available to be selected from being about 500.

The placement division of the federal board is busy locating employment opportunities for the retrained men and when they have finished their courses places will be awaiting them.

MARKING TIME

There is a prevalent disposition among all classes of business men to mark time pending a readjustment of war conditions. But underneath this attitude is a strong current of optimism which is gradually forcing the conclusion that instead of marking time and waiting for something that may never turn up the business of the country should proceed on the new line without a moment's hesitation.

In short, the impression is growing more and more pronounced that the prosperity which has been held back by the war and its confusion is likely to overleap old bounds and to sweep away even the abnormal conditions which now retard normal development.

Roger Babson, in a talk before the Governors and other officials at Washington last week spoke of his large experience as a business statistician in favor of immediate resumption of industrial and commercial activities. He also favored a strong advertising campaign by the government and business and manufacturing interests, with a view of stimulating all normal activities in the same way that these same activities were checked by government warnings to stop spending money during the war.

Boiled down to a word, prosperity seems to hinge upon the decision of the individual to go ahead, without waiting on the other fellow who may be too timid or too conservative to do anything but wait. Hesitation in business activities now may do serious harm to the whole fabric of the nation's prosperity.

—Harrisburg Telegraph.

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and $1.20.

WARNED AGAINST RUSE OF CROOKS

WARNED AGAINST

The fact that hundreds of men are being discharged from Camp Sherman each day and that this number will soon be increased to 1,000 or more a day, has caused the government to warn relatives of men about about to be discharged, to watch themselves and not be taken in by crooks who have recently revived an old swindling game.

It has been brought to the attention of the government that crooks are wiring relatives of soldiers about to be discharged asking that money be sent by telegraph.

"Do not heed such telegrams unless sent from proper authorities and correct address is given," is the warning given relatives by the government. It should be perfectly obvious to relatives, declare officers, that a discharged soldier needs no funds with which to travel. When he is discharged he is paid off and in addition is given a bonus of $60 and mileage at the rate of five cents a mile.

THE "THEN AND NOW" AS TO FOOD PRICES

An exchange points out that four years ago this week potatoes were selling at 50 cents a bushel. Now they are being offered at 40 cents a peck, which we all admit is some raise when it comes to retail prices.

THE CHARLEROI MAIL

VOL XIX. NO 109. CHARLEROI, WASHINGTON CO., FRIDAY, OCTOBER 18, '18. TWO CENTS

The Fourth Liberty Loan is not going fast enough. More energy and speed must be displayed.

The working man is pledging his future earning capacity all over the land and it is a small thing that people of wealth should be asked to pledge a part of their future income to insure the safety of their entire principal and the lives of their sons and brothers.

In the Fourth Federal Reserve district, there were only Twenty-five hundred subscribers for over $10,000.00 in the ThirdLiberty Loan. There must not be less than ten thousand subscribing for $10,000.00 and over in this Fourth Liberty Loan.

There are yet people in America who cannot see beyond the dollar itself when it comes to considering the purchase of Liberty Bonds. The dollar and the 4 1-4 per cent absorb entire attention.

If there could possibly be a better and safer investment in the whole world than Bonds of the Fourth Liberty Loan Issue, the financial men of the United States would like to know what it is. This is one of the impossible things. There is nothing on earth safe or better.

Think of the tax features of this issue, a person owning Fourth Liberty Loan Bonds is entitled to the income on bonds held by him, the principal of which does not exceed $30,000, plus the income on bonds of prior issue, the principal of which does not exceed $45,000.00, plus the income of $5,000.00 exempted under the Second Liberty Loan act free from the normal, sur tax, excess profits and war taxes until two years after the war.

Business men, investors, estates and corporations should invest their profits and idle funds at once in Bonds of the Fourthe Issue. There is no question of the investment—they know it is safe, but think of the tax features, those of you who had large income taxes to pay last year.

Do not let Germany's Peace Propaganda lead you astray. Should it be true that Germany is ready to surrender unconditionally, your Liberty Bonds will sell at a premium, as Uncle Sam will be the banker of the world. The millions of dollars in interest then due him from his Allies will be falling due and be paid, all of which adds value to Liberty Bonds. In peace times he will not have to pay 4 1-4 per cent for his loans and your bonds which bear 4 1-4 per cent are sure to go to a good premium.

There is not a boy in the American Army abroad whom you wouldn't lend $500, or all you have, in a minute if you knew it might save his life. You would plank down just as much without batting an eye if you knew it would result in the American boys forcing the Huns back across the Rhine.

Think it over, my friends. Do you really think that you have done all you can? Make up your mind quickly and go the limit. Put aside this haggling over the matter of 1 3-4 per cent. the difference between interest on Liberty Bonds and a 6 per cent investment. That BIG 6 per cent is not worth the ink it is written with if we do not beat the Hun. If you do not lend Uncle Sam the necessary funds to feed, equip and maintain the 2,000,000 boys now in France, what good will be any investment you can purchase or that you now own?

KERFOOT W. DALY, Chairman Liberty Loan Committee Eastern District.

PRODUCTS EMPLOYES CELEBRATE SUCCESS OF THEIR LOAN CAMPAIGN

Over 600 Of Them Hold Parade In Charleroi, Headed By Band

RECEIVE CORDIAL RECEPTION

Employes of the Pittsburg Steel Products Company to the number of about 600 accompanied by their band of fifty pieces, paid a visit to Charleroi last evenning, to celebrate their "going over the top" in the Fourth Liberty Loan.

Since the inauguration of the present bond campaign the mill management inaugurated a system of blowing the whistle every time $5,000 had been subscribed to the loan, and on Thursday the big siren on the mill was kept busy in announcing the additional dollars that were being freely subscribed by the employes. The quota of the mill was fixed at $250,000, but this figure was reached and passed early in the day, and the campaign continued with greater enthusiasm than ever, and before quitting time it was officially announced that the figures showed a total subscription of $300,000 with the campaign still under way. Then it was that an impromptu celebration was determined upon and early last evening it was pulled off.

Headed by the splendid band of the Products Company the employes marched to Charleroi and celebrated in royal style. All of the marchers were enthusiastic, as they had a right to be, at such a splendid showing, and were more than pleased at the cordial reception given them by the people of Charleroi, who were as well pleased as the Products employes at the success of the loan in the big mill across the river.

There are 1600 employes in the tube mill over 1500 of whom have averaged a $200 subscription, and the committee hopes to make the plant 100 per cent.

Mr. and Mrs. David Glunt went to Pittsburg where they will attend the funeral of Miss Stella Glunt, a sister of Mr. Glunt. Miss Glunt died at one of the Pittsburg hospitals of pneumonia. She was well known in Charleroi as she made her home here with her brother for a number of years.

SENDS GERMAN HELMET TO M. T. CROWLEY

M. T. Crowley received a German helmet Wednesday from Dennis Oates, now with the K. of C. service. A. P. O. 702 in France The "lid" came unwrapped with the address pasted on the crown In front appears a break where an allied bullet had evidently ploughed through, which likely finished the wearer. The helmet is on display in Mr. Crowley's window.

OPEN-AIR MEETING THIS EVENING

Chairman Patterson announces that everything is in readiness for the open air Liberty Loan meeting; to be held at the Fifth Street Stadium this evening at 8 o'clock. The Pittsburg Steel Products Band will be in attendance, and the presence of this splendid organization is sure to bring a large attendance. The male chorus under direction of Prof. Daniel will also be present and not only render special selections but will lead in community singing.

The speakers secured for the meeting are Thomas P. Sloan, John D. Berryman and Rev. E. N. Duty, with a possibility of securing an out-of-town speaker. The meeting will begin promptly at 8 o'clock and it is hoped that it will be an enthusiastic one.

Sale Of Beer Is Stopped At Breweries

In a supplemental order issue on Wednesday relating to the sale of alcholic stimulants. acting State Commissioner of Health Royer calls attention of boards of health and medical inspectors to the fact that the prior request discontinuing the sale of liquor also applies to breweries, distilleries and manufacturies. He adds that where there are no drug stores arrangements had better be made to furnish physicians alcoholic stimulants for use in treating the sick.

All breweries in the eastern section of the county were notified of this order Wednesday evening and beginning with Thursday morning the sales and bottling departments were closed, and will remain closed until the ban is lifted by the State Health Department. How long this will be is a matter of conjecture. Local health conditions are reported in excellent shape and while it is believed that a few cases of influenza have developed, it is not believed that an epidemic will occur. The local health board and health officer are alive to the situation and using every endeavor to prevent the disease in this community, and to check it, should the trouble appear.

BANKERS HOLD MEETING IN WASHINGTON

Kerfoot W. Daly, R. H. Rush and S. W. Sharpnack were in Washington today attending aconference of the Washington county bankers with reference to theFourth Liberty Loan. The meeting is an important one, with aview of speeding up subscriptions to thebonds now being offered.

Miss Hazel Castor was a business caller in Pittsburg Wednesday.

Buy Liberty bonds in order to hasten the promised finish.

INJURED AT THE PITTSBURG STEEL MILL

John O'Herran, who sustained a broken leg at the Pittsburg Steel plant on Thursday and who was taken to the Monongahela Memorial hospital for treatment, is reported as resting very easy. Mr. O'Herron made his home with his sister. Mrs. McCann at 837 Fallowfield avenue.

GAME WILL TAKE PLACE TOMORROW

Tomorrow afternoon at 3 o'clock the long expected foot ball game between the Monessen and Charleroi High school football teams will take place at the local park. Interest in the contest is unusually high and a large crowd is expected to be in attendance. Monessen will be well represented, the pupils and citizens generally coming with the fondest hopes of seeing their team triumph. Charleroi, however, has been practicing faithfully for the game, and will haveconsiderable to say as to what the outcome will be. The local team hopes to profit by the mistakes it made last Saturday and will make a much stronger defense than was presented to Beaver Falls. The game is expected to be exciting from start to finish, while the cheering of the opposing sides will be a feature that will be very interesting.

EASTERN AREA NOT HALF SUBSCRIBED

According to reports made Thursday evening the eastern area of Washington county had reached $1,689,950 out of a quota of $3,500,000, Chairman Daly asks for all solicitors and all factory committees to speed up for the remainder of the campaign, which contains but seven working days after today.

Although he is put under arrest every once in so often, the mayor of Philadelphia seems to keep his grip on his office. But it has never been possible for outsiders to understand Philadelphia politics.

National Highway Council Refuses to Transport Necessary Material

DECISION A DISAPPOINTMENT

The county commissioners are in receipt of a communication, which was addressed to Cheney & Armstrong, county engineers, with reference to the repair of the Charleroi-Bentleyville road on Colvin's hill. The commissioners, through the efforts of John O. Watson, president of the board, had authorized the repair of about a mile of the road, which was to be relaid with brick and the work was to have been done last summer. The contract was awarded to the Donora Construction company, which had done some preliminary work on the improvement, but which had not placed the necessary material along the highway to complete the work.

Recently the question of securing the necessary amount of sand and cement became a serious question and thecounty engineers at oncetook it up with the United States Highway Council of which J. E. Pennypacker is secretary. The request of the county engineers was for twenty-five cars of sand and twenty cars of cement. In reply to the inquiry a letter was received a few days ago saying that the sand and cement asked for were not to be useed in absolutely essential work, and that at this time therailroads could not give the transportation to such a number of cars for the purposes desired.

This means that no further work on this piece of roadway will be done this fall or winter, but will have to await such times as the United States Highway Council sees fit to give its consent to allow the transportation of the material required. Moreover, it likewise means that all other road work in the county which would require transportation of material by rail will be held up possibly for the period of the war.

The decision of the National Highway Council is quite a disappointment to Mr Watson, who was very anxious to have the Charleroi-Bentleyville road placed in good condition before the beginning of winter, but the project must now beset aside until more favorable times.

Diamonds continue to be the premier investment for those who wish to enjoy their money and still have it increase in value.

An examination of our splendid stock of set and unset Diamonds will convince the most skeptical that we are offering some really excellent investments in first water, superb stones.

Grant us the pleasure of showing you them.
